HARRISBURG, Aug. 11 (AP)—Weldon B. Heyburn, state auditor general, today held up the state pay check of Frank B. Kane, recently hired as an unemployment compensation referee, pending a Justice Department check of his background.

Harrington Adams, deputy attorney general, said Heyburn asked for a formal ruling on whether Kane can remain on the state payroll at \$6,204 a year in the Department of Labor and Industry.

John T. Torquato, secretary of labor and industry, said he would question Kane Monday about what the secretary described as a prison record.

### Convicted Of Extortion

Kane was convicted in 1928, Torquato said, on extortion and conspiracy while serving as chief of police of Monongahela, Washington County, and served six months.

Torquato said that Kane never received a pardon.

Before taking his present job Kane had been assistant Fayette County detective.

Heyburn said he received a letter from G. H. Livengood, Uniontown, who wrote that Kane was hired illegally because of his record and that the Constitution prohibits such employment.

## More Than 1,000 Children Attend Show At Playhouse

MOUNTAINHOME—"Young Davy Crockett," a special show for young children, played to packed houses at Pocono Playhouse here yesterday.

Two performances were given—one in the morning, the second in the afternoon. The house was filled at both performances and an estimated 1,100 children saw the production in its one-day showing. A playhouse spokesman said last night.

Mrs. Rowena Stevens, owner-manager of the playhouse, said that the audiences were "just about the most enthusiastic we've ever had." They were plenty of fun in their own right, too, Mrs. Stevens said—and for the adults standing in the rear of the theater—it was a show in itself to watch the children's reactions to things happening "onstage."

Actually, much of the action in the play took place right in the audience. Young Davy, for example, made his entrance from the rear of the playhouse and came down through the audience, at the start of the play.

Indians sneaked through the audience, on cue, during one of the plays most dramatic moments and—when it came time for the big bear fight it was hard to keep the audience from getting up on the stage to take part in the battle between their hero and the bear.

The play, produced for Summer theater by the American Children's Theater in New York, was written and directed by Marian DePew Ostrander. Starred as "Davy" was Barry McGuire. Others in the cast were Victor A. Hughes Jr., Andrew Petach, Joseph French, Phillip Kennedy, Elsa Walden, G. Christian Tubbs, Mary Bernice French, Doris Becker and Aristide J. Delsi. All the children in the cast are professional actors. Young McGuire will enter the cast of an incoming New York musical on completion of the "Crockett" tour.

Most of the members of the audience were strictly "small fry." When it came time for intermission, playhouse workers found themselves confronted by another minor problem.

**Problem Solved**  
The playhouse, designed for adult audiences primarily, has a refreshment stand on its patio. Yesterday, when voices asked for sodas at the stand all the workers behind the counter could see were small hands around the edge.

Finally Mrs. Stevens and others in the business offices at the playhouse solved the problem by holding each child up until he had given his order and received his drink.

## GE Contract Grants Union Pay Increase

NEW YORK, Aug. 11 (AP)—The General Electric Co. and the CIO International Union of Electrical Workers reached agreement today on a five-year contract providing wage increases but not the guaranteed annual wage the union sought.

The union claims to represent 100,000 of GE's 220,000 employees in plants across the country.

James B. Carey, IUE president, hailed the agreement as a "splendid settlement" and said it will provide pay raises of 33 to 34 cents an hour by the end of the fifth year.

Carey had no immediate comment on the union's failure to get a guaranteed annual wage provision.

But an associate said the union gained a measure of success along this line by getting company agreement to reopening of the new pact in 1958 on "employment security."

He said these talks will include discussion of "layoffs and what should be done about them."

## Stock List Regains Most Of Losses

NEW YORK, Aug. 11 (AP)—Sharp higher prices in a wide selection of shares featured a quiet advance in the stock market today.

Gains of 2 to 3 points were common in the coppers. Even bigger advances were scattered through other groups, including the chemicals, oils and rails.

The Associated Press average of 60 stocks advanced \$1.60 to \$171.30. That made up for a good part of the losses suffered on Monday and Tuesday of this week, when the market was under selling pressure.

### Industrials Up \$2.80

The industrial component of the average gained \$2.80, the rails \$1.30 and the utilities 20 cents.

There were 626 advancing stocks and 252 which declined. Issues traded totaled 1,127 compared with 1,118 yesterday—the lowest since Sept. 3, 1954. Twenty-six stocks hit new highs for the year and 24 touched new lows.

The advance was achieved on rather small volume: 1,620,000 shares changed hands. However, that was bigger than yesterday's 1,580,000 shares, the smallest number to trade since June of 1954.

### DuPont Gains 5 1/2

DuPont climbed 5 1/2 to 223, U. S. Gypsum 7 1/2 to 275 1/2, Anaconda 3 1/2 to 74 1/2, Standard Oil (N.J.) 4 1/2 to 134 1/2, Union Carbide 3 to 97 1/2, Reynolds Metals 5 1/2 to 218 1/2, Procter & Gamble 3 1/2 to 105 and Andes Copper 3 to 28.

Other strong shares included Bethlehem Steel, Chrysler, Goodrich, Boeing, Rock Island, Kennecott, Phelps Dodge, Magna Copper, Copper Range, Missouri Pacific Preferred, Chesapeake & Ohio and Aluminum Ltd.

Callahan Zinc headed the most active list with an advance of 1/2 at 5 1/2 on 28,000 shares. Benguet Mining was second, unchanged at 1 1/2 on 27,000 shares. Anaconda was third, with 22,800 shares trading.

### Exchange Advances

Gains of a point or so were fairly frequent on the American Stock Exchange. Up 1 or more were Crude Petroleum, Mesabi Iron, New Jersey Zinc, Niles-Bement-Pond, St. Lawrence Corp. and Woodley Petroleum.

Volume was 620,000 shares, up from 500,000 yesterday.

The corporate bond market was mixed. U. S. treasury issues were higher.

## Truck Drivers Settle Strike

PITTSBURGH, Aug. 11 (AP)—A month-old strike of 1,500 motor freight drivers in Allegheny County was settled yesterday.

AFL General Teamsters Local 249 reached the settlement with the Western Pennsylvania Motor Carriers Assn., representing some 100 motor freight firms.

The two-year pact provides for a 10-cent hourly pay increase retroactive to June 1 and an additional eight cents an hour next June 1. Old rates were about \$2.10 an hour.

A pension plan and improved health, welfare and life insurance benefits also are contained in the new pact.

## PUC Dismisses Complaints Against Scranton Transit Co.

HARRISBURG, Aug. 11 (AP)—The Public Utility Commission today dismissed complaints against fares charged by the Scranton Transit Co. because the company operates at a deficit.

Despite an additional \$54,000 a year anticipated under an approved

fare increase boosting basic charges from 15 to 18 cents, the commission found the company would operate at a \$672 yearly loss.

Complaints against the fare increase were made by the city of Scranton and Emil M. Legman of Scranton. The increase went into effect May 30 last year.

In view of the deficit, the company said "any finding of fair value for these proceedings, would be purely academic."

The company was struck more than four months ago over a wage issue.

The protestants argued that the higher fares would result in "only diminishing returns of passengers and revenue."

Scranton Transit's 1954 report, covering seven months' operation under the increased fare, recorded \$2,277,000 in expense and \$2,245,000 in revenue—a \$32,000 net operating loss.

The company said last year it needed the additional revenue to offset a union wage boost and a continuing patronage loss.

The total additional cost of the labor settlement was estimated at \$53,000 a year, the commission said.

### Sale Of Old Stamps

NEW YORK, Aug. 11 (AP)—A collection of 19th century stamps, termed the most valuable collection ever offered in the United States, will be sold at public auctions beginning Nov. 15. The collection belonged to Alfred H. Caspary, a stock broker, who died last Jan. 7.

Two men arrested at the climax of the fight are charged with first-degree robbery. A third escaped.

"We know where the three men were staying here before the hold-up," said Swankamp, "and New York City police tell us Newman disappeared from his usual night club haunts from six to eight weeks ago."

Police said the two captured men named a "James Sheridan" as the third man, but no trace of such a person could be found.

## Pottery Examined By Scientists

NEW YORK, Aug. 11 (AP)—Scientists at the American Museum of

Natural History are learning how cloth was woven 3,000 B.C. in Central Asia, although all vestiges of the cloth decayed thousands of years ago.

They do it by examining tiny

pieces of broken pottery, rested against a piece of fabric while wet by some ancient potter. From these lasting impressions, they can deduce what the cloth was made of and the skill of the weavers.

### State Pres. Guest Of GOP Council

The State President of the Pennsylvania Council of Republican Women, Mrs. William M. Rosenfield, of Towanda, was the speaker at the last summer picnic of the Monroe Council held Wednesday night at the home of County Commissioner Adolph W. Rake and Mrs. Rake.

Interest in politics represents an active desire for good government, Mrs. Rosenfield said, and praised the 65,000 women in Pennsylvania who were members of Republican Councils and active in politics.

In less than three years, these women have bought and paid for the Republican headquarters in Harrisburg.

Mrs. Rosenfield told of her breakfast with President Eisenhower at the Sulgrave Club in Washington, D. C. when there were 20 women present, all of them presidents or chairmen of organizations. Her review of the activities of their own groups proved the excellent results gained by united women in action, Mrs. Rosenfield said, and added that she was impressed by the President's keen interest and his friendly informality which put everyone at ease.

She invited members of the local council to attend the Political Activities meeting to be held September 21 in the courthouse at Towanda when Congressman Simpson will be the speaker.

The local council was also invited to attend the Wayne County Council picnic to be held Wednesday, August 24, at 6:30 p.m. at Lake Geneva. Mrs. Marjorie Kinsman of Wayne City and now membership chairman of the northeastern district was a guest at the meeting and delivered the invitation in person.

Other guests included Jesse S. Flory, chief burgess of East Stroudsburg, who opened the meeting by reading a prayer written by Peter Marshall. Mrs. Charles Bock, president of the Pike County Republican Council, Mrs. Merlyn Williams, of Honesdale, treasurer of the Wayne Council, and Mrs. Mary Pasquini, Mrs. Shumaker, Mrs. C. Reese and Mrs. Rudolph Friedel, of the Barrett Council, were among the other guests.

Adolph W. Rake spoke briefly to the group, urging members to work to increase Republican registrations before the closing date on September 17, and introducing the candidates present.

The slate of candidates for Council office for the coming year was not complete by meeting time. It has since been completed and will include: first vice president, Mrs. Herbert Stoner; second vice president, Mrs. Carl Wagner; recording secretary, Mrs. Edgar Powell; corresponding secretary, Mrs. Gerald Snyder; and treasurer, Mrs. Milo Rasely.

### Tea Honors Silhouette Artist Here

A tea was held yesterday afternoon at Wyckoff's Tea Room in honor of Beatrix Sherman, one of the foremost silhouette portrait artists of the day. The guests included many club members of the Stroudsburgs.

Miss Sherman talked informally to the group of her experiences in cutting silhouettes of many of the well known persons of the day, of their charm and idiosyncrasies, their personalities and incidents relating to them.

Tea was served from a table set with lavender asters. Mrs. Madelon Maloney poured.

### Just Between Us

—By Bobby Westbrook

So we can utter the goat, empty the water jug and fry the boiled potatoes and no great harm done in preparing for Connie, who would have been a most unwelcome guest if she had come, so there.

At least we can think about starting out for our vacation at the shore tomorrow without worrying about whether the shore will even be there. It will probably be cold and wet and with waves too high for swimming, but I don't even care.

It isn't that I don't love mountains. I was never so homesick for anything as for the hills of home when I was in the flatlands of the mid-West. I love waking each morning to the gentle curve of the shoulder of the hill across the road, to the sight of the morning fog flowing between the hills above the river like a river in a dream.

From our bathroom window, Big Pocono stands golden in the evening sunlight when all the land between is lost in dusk. Our hills are a delight to me and an ever-changing backdrop against which I see my dreams come true.

But for complete relaxation, I'll take the sea. Whether it is breathing in and out with easy rollers, or beating like a mad thing against the shore, or tumbling in the surf, or sending its breakers galloping like chariot horses across the sand, it rests me.

Just watching the might and the power and the ceaseless activity makes any activity on my part entirely superfluous. Sitting and watching, purely passive, I somehow get the impression that I don't even have to breathe or have my heart beat of its own accord. Which is quite a change from the Alice-Through-the-Looking-Glass complex I ordinarily have.

You know, the one where Alice finds herself running like crazy over the checkerboard countryside, just in order to stay where she is.

### Order Obeyed

San Angelo, Tex., (AP)—Lady attending a benefit bridge party at Goodfellow Air Force Base looked at threatening clouds, then motioned to a couple of men in uniform.

"Boy, would you run out and close my car windows?" she asked.

"Yes, Ma'am," replied Base Commander Col. R. C. Crawford.

### Bon Voyage Party For Mrs. Johnson

Readers—A surprise bon voyage party was given in honor of Mrs. Harold Hoffman who is leaving for France to join her husband on August 5. The party was held at the home of Miss Gwen Johnson, Readers, with Miss Janet Rustine as co-hostess.

For Mrs. Hoffman there were many gifts suitable for her travels. A miniature steamship formed the centerpiece for the buffet table, decorated in streamers of blue and white.

Guests included Mrs. Ella Kunkle and son, Mrs. Janet Haney, Mr. and Mrs. Charles Seager and son, Miss Hilda Hardening, Miss Loretta Snyder, Mrs. Grace Altemose, Mrs. Mabel Rinker, Mrs. Josephine Gower, Mrs. Emma Hoffman, Mr. and Mrs. Russell Frable and daughter, Lynn, Mr. and Mrs. Dale Johnson and son, Newton Seese, Amos Bisheng, the guest of honor, Mrs. Harold Hoffman and the hostesses, Miss Janet Rustine and Miss Gwen Johnson.

Others who sent gifts but were unable to be present were Mrs. Edith Frailey and Mrs. J. R. Judge.

### Mrs. Howard Shick Entertains Guild Of St. Mark's

Appenzell—The Woman's Guild of St. Mark's Evangelical and Reformed Church held its August meeting at the home of Mrs. Howard Shick with the president, Mrs. Katie Nevil, in charge. Mrs. Pauline Frailey led the devotions.

The program was based on the theme "The Cost of Christian Vacation," and was presented by Mrs. Elsie Miller, Mrs. Muriel Foote, Mrs. Mae Singer and Mrs. Lillian Koerner.

Mrs. Foote also gave a report on the convention held at Cedar Crest College. Others attending from St. Mark's were Pauline Frailey, Mae Singer and Lillian Koerner.

It was announced that the next meeting will be held at St. Mark's Church with roll call to be answered by the presentation of homemade jellies or canned foods.

Present for the meeting were Katie Nevil, Grace Altemose, Mae Singer, Pauline Frailey, Olive Butz, Elsie Miller, Cora Miller, Dorothy Hardening, Shirley Koerner, Catherine Warner, Emma Warner, Lillian Koerner, Emma Frailey, Muriel Foote, Clara Altemose, Ada Bisheng, Janette Bisheng, Eleanor Hardening, Joan Shick and the hostess, Lorraine Shick.

### Beginners Have Picnic At Home Of Teacher

The Beginner's Class of St. John's Lutheran Church were the guests of their teacher, Mrs. Robert Long, at her home, 1032 Chipmunk Drive on Tuesday of this week.

The party was held on the lawn and featured a hot dog roast, and games with a prize for each child. Ice cream and home-made decorated cup cakes were served after the games. Barbara Shook won the peanut hunt and Martha Baird the balloon race.

Other guests were Susan Lindroth, David Back, Judy Holdorf, Nancy Baird, Monty Hornbeck, and Linda Starnier.

### Card Party At Manor For Hospital

The second big Summer card party for the benefit of the General Hospital of Monroe County, sponsored by the Anna Logan Society of the Hospital, will be held on Tuesday afternoon, August 30 at Pocono Manor Inn. The committee in charge is working now to make the party the social climax of the summer activities.

Earlier in the summer, a similar party was held at Camp Tamiment, with a large attendance of both members and summer guests.

Mrs. Robert Miller and Mrs. Nelson Westbrook are co-chairmen of arrangements for the party. There will be prizes, refreshments and transportation provided.

### Girl Scout Day Camp Had 235 Campers This Summer; Camp Staff List Released

The four-week encampment at the Girl Scout Day Camp at Camp Lloyd Treble this summer was highly successful with 235 Brownies and Girl Scouts attending. It was announced last night by Mrs. Sonya James, Day Camp Director for 1955.

This is the first year that the camp has been held for four weeks during the summer and was made necessary because the enrollment for the scheduled three weeks far over-ran the maximum number permitted for the camp.

Many of the campers came for two weeks and some for three. Bettie Louise Blair, a Brownie Scout of Troop 17, attended for all four weeks.

Mrs. James had high praise for the staff which worked with her during the camping season. She was assisted by a permanent staff of counselors who worked for one or more weeks; a part time staff which filled in when necessary. In addition, 16 Senior Girl Scouts served as junior counselors, helping with the camp program.

The camp had a registered nurse available at all times. Twelve registered nurses under the supervision of Mrs. Becky Altemose, served on the volunteer rotating medical staff. In addition there were 10 overnight counselors who stayed with those campers who wished to camp at night at Treble.

Specialists also contributed to the success of the camp program. The craft program under Mrs. Keturah Hartman proved very popular and many craft projects were completed. Mrs. Jean Shiffer served as nature advisor, and under her supervision, many flowers and leaves were pressed and mounted. One group made a large terrarium of the plants native to the camp area.

The permanent staff, each of whom helped for one or more weeks included: Mrs. Marge Snover, Mrs. Sue Stulgatus, Mrs. Ruth Zettlemoyer, Mrs. Muriel Wertheimer, Mrs. Peg Fatzinger, Mrs. Joan Place, Mrs. Lillian Peckachka, Mrs. Rita Bernbaum, Mrs. Lorraine Puzlo, Miss Nita Warner, Mrs. Emma Haney, Mrs. Irma Fisher, Mrs. Marge Wakefield, Mrs. Lucy Hartman, Mrs. Tess Weber and Mrs. Leslie Keller.

The part time staff consisted of Mrs. Lillian Acker, Mrs. Aaron Trohmeyer, Mrs. Kenneth Wertheimer, Mrs. Norman Vaughn, Mrs. Jeannette LaBar, Mrs. Warren Schreck, Mrs. Harold Edinger, Mrs. Floyd Kellogg, Mrs. Carroll Doll, and Mrs. June Decker.

Nurses who provided medical care included Mrs. Becky Altemose, Mrs. Gladys Dunn, Mrs. Gladys Metzgar, Mrs. Betty Eschbach, Mrs. Helen Shafer, Mrs. Edith Weber, Mrs. Vida McElwain, Mrs. Sue Edinger, Mrs. Frieda Balmer, Mrs. Barbara Maxwell, Mrs. Ada Altemose and Mrs. Marie Altemose.

Junior Counselors who helped were Judy Fisher, Faith Chamberlain, Jane Durn, Sue Wicks, Velma Lesoine, Jean Igler, Rosemary Mekeel, Christine Clark, Jean Douglas, Mary Ann Jennings, Abbie Jane Frisbie, Shelia Doyle, Mary Beth Knepp, Dorothy May, Carol Dildine and Arlene Weber.

The overnight staff included Mrs. Audrey Cohen, Mrs. Betty

### Population Trends Theme Of Student Workshop

Washington — It is the rising generation who will be called upon to solve the increasingly complex problems of growing populations, described by the writer, Julian Huxley, as the gravest problem of our time... "More serious in the long perspective than war or peace."

It is this belief that prompted the setting up of summer workshops for graduate students here by the Population Reference Bureau, a non-profit, scientific organization formed in 1929 to awaken public interest in population problems throughout the world. A clearing house for population information, whose main objective is to make available in accurate, nontechnical form, the "essential facts upon which rational population policies must be based," it is now engaged in its fourth workshop, where each student must complete a research project, participate in seminar discussions, and help prepare and edit at least one of the bureau bulletins.

Pretty Atsuko Ogura, Japanese Fulbright graduate exchange student from Osaka University, who is working for a masters degree in American history at Smith College, is one of this summer's workshop students.

A smiling, soft-voiced young woman of 23, taller than most Japanese, Atsuko is particularly interested in immigration programs and the cultural assimilation of immigrants in the United States.

"These things are important to international understanding," she said. "I want also to study the role of education and political attitudes in the lives of different groups in this country."

Traditionally, the Japanese have been taught that to be polite one must hide one's true feelings," she explained, "but I prefer to be frank."

Miss Ogura was frank about her reactions to this country.

"Sometimes American families are too much divided," she said. "In Japan girls don't have dates like here. We go to the movies or concerts with boys, but we go in groups, never in pairs. I like dances. I learned the waltz, tango and rhumba before coming here, but I don't like the way the young Americans dance. It's just like walking. I'm confused over the way college girls dress—so casual during the day wearing shorts and sweaters, then getting all dressed up for dinner. In Japan we dress the same way all day and evening."

### Garden Club Board Honors "Miss Fannie"

The Monroe County Garden Club executive board honored one of its most active and faithful members, Miss Fannie Swarts-welder, on her 80th birthday at the board meeting held yesterday at the summer home of Mrs. Bernard Peters, Analomink Lake.

Miss Swarts-welder, still an enthusiastic gardener, has held many chairmanships in the club, including that of chairman of horticulture. She is presently membership chairman for the Stroudsburg area. Her monthly exhibits at the Garden Club meetings are many and unusual, and she has won many awards for her flowers at the Flower Shows of past years.

The party in her honor came as a surprise, since she had been attending the board meeting merely as a member, she thought. It was a luncheon meeting with a decorated birthday cake as the centerpiece. Miss Swarts-welder was presented with a grey and silver stole, made by Mrs. David Shiffer, president of the club, and Mrs. Edgar Van Why and presented as the gift of the board and of past friends.

Mrs. Shiffer presided at the business meeting when plans were made for the August meeting which will be held August 17 at the Stroudsburg Presbyterian Church. Mrs. Robert Irwin, of Bushkill, will be in charge of the program.

There were 18 board members present for the meeting: Miss Swarts-welder, Mrs. A. Starr Phelps, Mrs. John Teisher, Mrs. David Shiffer, Mrs. Edgar Van Why, Mrs. Oscar Liljenstein, Mrs. Russell Harmon, Mrs. Ralph Moeck, Mrs. Russell Hamblin, Mrs. Raymond Rupert, Mrs. Francis Grover, Mrs. F. L. Rhodes, Mrs. Stewart Shiffer, Mrs. Jackson Lee, Mrs. Bernard Peters, Mrs. A. H. Mathieson, Mrs. W. R. Erickson and Mrs. Edward C. Knob.

### Woolbert Reunion Sunday At Buffalo, N. Y.

The annual Woolbert family reunion will be held this year in Buffalo, N. Y., on Sunday, August 14. Members of the clan plan to congregate at the home of Betty Madison, 1441 Putnam Road, Derby, N. Y., by 10 a.m. Sunday morning and then go together to the park chosen for the reunion.

Since the 1956 reunion will be held in Seattle, Wash., Eastern members are asked to make a special effort to attend this year's reunion.

Use the crevice attachment of your vacuum cleaner to clean the linings of pocketbooks. This treatment is fine, too, for the insides of coat pockets.

In my heart, I guess I'm pretty old fashioned. I still can't believe the marvels of television, for instance—and yesterday I was amazed all over again by the speed of that rather dated yellow paper, the telegram.

It was after one o'clock when Elsie Miller stopped me in our caddy department, and told me how concerned she was over the scheduled Spice Islands demonstration. "I haven't any idea where to contact my salesman," she explained, "and the demonstration was scheduled so long ago I haven't any idea whether he remembers it or not... no one has written me a line."

The nearest office, according to Elsie, is San Francisco—and one could hardly expect to get a letter there and an answer by Monday.

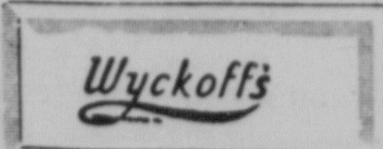

"Why not a telegram?" I asked. "Just ask for a confirmation of Monday's scheduled demonstration and request publicity material."

"Okay," Elsie agreed. "It's a good idea... suppose you send it for me."

Our PRX operator was dialed... the message was dictated... and the wires began humming. Not more than an hour later, there was an encore—the wires hummed in reverse. "Confirming demonstration of Monday, August 15th," they sang. "Helen Samuels will be there. Publicity being forwarded."

So there you are! It probably happens thousands of times daily, but I still am amazed by the speed with which our request and the Spice Islands response zipped across the country and back. Even more, I am impressed with the fact that Mrs. Samuels, whom I remember as a most gracious, friendly person, will be here with her tasty samples.

The proof of any pudding is in the eating, I've heard tell... and the proof of any food's tastiness is in whether or not you go back for seconds. Frankly, when Spice Islands seasonings are used, I go back... and back... and back, because Spice Islands jars contain the REAL spice of life.

## Sen. Knowland Speaks Out Against China

PITTSBURGH, Aug. 11 (AP)—Sen. William F. Knowland (R-Calif.) said today "it would be a violation of all moral principles upon which the United Nations is supposed to rest" to admit Communist China.

The Senate Republican leader told delegates to the 37th annual convention of the Pennsylvania American Legion:

"I am opposed to such admission and to recognition of the Communist regime by the government of the United States." He added: "Yielding more free people or territory now might perhaps give a temporary mirage of peace but the waterless, moral, spiritual and governmental waste of the international Communist desert would remain with all its stark realism of slave labor camps, captive satellite nations and tyrannical police state methods."

Isolationist Allies

Knowland said the "isolationists of today are among some of our European associates who believe that Europe can be saved by the sacrifice of Asia." He continued: "This is a dangerous doctrine and there is ample historic precedent to show that appeasement is not the road to peace but is surrender on the installment plan. . . ."

LT. Gov. Roy E. Furman of Pennsylvania told delegates at the opening session of the Legion convention that treaties and compacts with the Soviet Union are no guarantee it will abandon its goal of world domination.

He said the recent Geneva peace conference was a "grand and majestic step in the direction of world peace" but the single meeting could not be expected to rule out aggression.

Fight To Save Liberty

"So long as Godless men strive for ruthless power," Furman said, "we must be prepared in this atomic age of uncertainty to fight for liberty's survival."

Furman told the Legionnaires they must continue to be a strong compelling force against any "ism" that is anti-American. He said:

"You must prevent the saboteurs from conjuring up another world war which experience has taught us will cost the lives of millions more fine American boys."

Some 12,000 delegates are here for the three-day convention. Fifty-seven resolutions have been drafted and will be presented for convention approval.

One resolution urged federal bonuses for World War II veterans. It said veterans "suffered a considerable loss of income during their service" and asked payment on the level of the state bonus.

Four Pension Resolutions

That would be \$3 a day for service in the United States and \$4 a day for service overseas between Dec. 7, 1941, and Sept. 2, 1945.

Four separate resolutions asked for pension benefits. The most liberal called for federal pensions for veterans of all "war-time emergencies" on the same basis as the pensions granted Spanish-American War vets.

That would be \$101.95 a month at the age of 60.

Another resolution asked for \$100 a month federal pensions for World War I veterans and still another asked that the length of service requirement be cut from 90 to 30 days for pensions.

Other resolutions to be acted upon include one opposing recognition of Red China and its admission to the United Nations.

## Business Column

### Cortright Brothers Form Plumbing-Heating Business

A NEW plumbing and heating firm came into being here this week when the Cortright brothers, Paul E. and Vernon J., of East Stroudsburg opened operations at the former Graft Machine Shop, 757 N. Courtland St. with plans for a new structure 40 by 35 feet at the same address.

The Cortrights have a combined experience in every type of plumbing and heating installation amounting to 43 years.

Paul has 25 years experience, the most recent being some of the major heating and plumbing installations in Northampton County and nearby New Jersey for Washington Engineering, Washington, N. J.

Both men have been affiliated most of their time with Hanford Cleveland, East Stroudsburg plumbing and heating contractor, although Paul worked for a time for Howard Dittus when he operated out of East Stroudsburg.

Paul's experience has been as a directing foreman for plumbing and heating at Easton Hospital's new addition, Lehigh Valley Hospital, three major school buildings, a bank, a newspaper plant and a number of industrial jobs.

Vernon, who has had 18 years experience with Cleveland, has worked on conventional domestic plumbing and heating installations, hotels, motels and industrial and commercial house work.

At their present location they have a building 40 by 50 feet

which ultimately will become their warehouse when they complete the new 40 by 35 building fronting on North Courtland St.

GEORGE W. SEBRING & Son, machine shop operators and lawn mower dealer-repairmen on N. Fifth St., has purchased the Joseph Andre business with designation as official dealer for Choremaster firm.

The dealership covers Monroe County and vicinity. Choremaster is the maker of a line of garden tractors, saws, post hole diggers, rotary mowers and kindred equipment.

Andre had represented the firm in sales and service for several years.

MR. AND MRS. Leslie W. Hay, Canadensis Westinghouse dealers, have been awarded an all-expense trip to Mexico City for being a two-year winner of a Westinghouse sales contest.

The Hays leave Idlewild Airport for a flight to Mexico City on a week's vacation. They will stop in Miami after touring sections of Mexico and attending a bull fight.

Mr. Hay's contest achievement is notable for the fact that he has been a consistent advertiser in The Daily Record.

## Your Horoscope Today

By FRANCIS DRAKE

FOR FRIDAY, AUGUST 12, 1955

March 21 to April 20 (Aries).—This is no day in which to fly off the handle, or think that you know all the answers without proper study and reflection. In fact, it is NEVER wise to think you know ALL the answers. April 21 to May 20 (Taurus).—It may take longer to get some things done now, or it may seem more difficult. Certain people's motives may be judged. Remember the importance of an even disposition, balance, tolerance.

May 21 to June 21 (Gemini).—Trying to maintain a too vigorous pace, or attempting too many things at one time is not good for your health. But steady work, with relaxation in leisure hours is.

June 22 to July 21 (Cancer).—It is not wise to spend today and save tomorrow; that is like "locking the door after the horse is gone." Be today's things today, and you will be more at ease. Follow a sensible diet.

July 22 to Aug. 22 (Leo).—Many as things things are told us in old sayings and proverbs, but how often do we actually apply them to our own every day lives? Take a few minutes to adjust thoughts accordingly today.

Aug. 23 to Sept. 22 (Virgo).—Doing for others is a pleasure for you, but know where to draw that fine line and stop but you be considered dominating or interfering.

Sept. 23 to Oct. 22 (Libra).—Calculate about work and conferences, reasoning out matters, not arguing, and noting the little pleasures that can be enjoyed in a day's ordinary routine are MUST for harmony, success.

Oct. 23 to Nov. 22 (Scorpio).—Don't overlook the little details important to the excellent final results you people are capable of producing. Sometimes you are careless and regret it later.

Nov. 23 to Dec. 22 (Sagittarius).—This is no time for wasting time in retrospection of what has "gone over the dam." Today and tomorrow are for fresh beginnings, for new incentives, for watchfulness, too.

Dec. 23 to Jan. 21 (Capricorn).—Being generally capable, as you can be, is wonderful if you apply your talents evenly, to the right purposes, and without either scattering energies or overdoing. Try counts, too.

Jan. 22 to Feb. 20 (Aquarius).—In your desire to achieve and please, do not overlook the fact that you can overreach, go beyond the normal, and be criticized for same. But, no matter what happens, YOU keep your sense of humor.

Feb. 21 to March 20 (Pisces).—These days are for solar reflection, and may also be fond of a life of ease. You are magnetic, are often more influenced through your heart than your head. CONTROL emotions. You are able at giving advice, but may not always take it. You can become top-notch entertainers, story-tellers; have great reserve vitality. You are an in-born leader, but there are times when ALL of us must be quiet, obedient followers, too. You derive great enjoyment from associated, loved ones. Pray daily, avoid extremes, and develop your intellectual qualities. Birth-date of: Rold, Southey, poet, man of letters.

# RILEY

By JIM RILEY  
Sports Editor

It is quite possible that the four teams will play each other twice during the course of each season, with at least one game to be played each Saturday. But, this lot of information will also be made official at one of the early meetings. It is also quite possible that the Northampton County suburban League, Wilson Borough, may oppose the East Brunswick circuit in a post-season All-Star game.

## Fred Hardt Gives Talk On Helmets

HELMETS were described and exhibited in an interesting address given by Fred Hardt at the Stroudsburg Rotary Club meeting in the Penn-Stroud Hotel yesterday.

The use of metal helmets, according to Mr. Hardt, goes back to the seventh century. Complete armor was also used very early, but its gradual discontinuance began with the War of the Roses in 1619.

Steel helmets were developed in their present form during World War One, Hardt said. The French first used them for their soldiers. Other combat nations followed in rapid succession.

Hardt had an exhibit of some 25 items. Leather helmets, leather and steel and all steel-helmets were included. One breast plate of steel covered with copper was shown.

James Kitson acted as program chairman and introduced the speaker.

## FBI Identifies Armed Bandit Who Robbed Bank

BUFFALO, N. Y., Aug. 11 (AP)—The Federal Bureau of Investigation said that it had learned the identity of the bandit who staged Monday night's \$11,000 holdup of a suburban branch bank at pistol-point.

The FBI broadcast a 14-state alarm for Jacob R. Schnitzer of nearby Lancaster and said he probably was armed and dangerous. He was believed to be driving toward Florida in the company of three women.

In Lancaster, Mrs. Virginia Schnitzer, the 26-year-old Jacob's mother, said her son was "a good boy. He's never been in trouble. I don't believe he's guilty."

The mother said she had not seen her son since he left their 24-acre farm home Monday.

## Sailor Protests In 'Stupid' Way

PORTSMOUTH, England, Aug. 11 (AP)—Sailor James Stevens was so sick of the British navy he hurled his cap into the face of his commodore in protest.

The defense assured the court-martial trying him today that Stevens "now realizes his act was stupid."

The court sentenced him to 12 months' detention.

### gibson girl charm

Mindy Ross multiplies your charm in her sanforized cotton of Empire silhouette perked up with white pique collar, carnival-striped ribbon bow, and button-trimmed tab panels. It's all business for business wear, but light-hearted enough for dating. In smart, adaptable gray this is perfect for fall into winter, and takes happily to tubbing. Sizes 9-15.

14.98

### season spanning sheath

Put this down on your stenographic pad, or on the blackboard if you're a teacher or pupil—it's well worth your C-ing and trying! We call it our Success Dress because it flatters the figure every inch of the way from hem to standaway collar. Focal points include the smock-shirred back, the oh-so-slender, elasticized waist, and leather belt. Button front closing. Premium Bayou Orlon and cotton in wine, navy, green, brown, or charcoal. 9-15.
